Accession List No. 54

September 1967 - October 1967

New Periodicals

- AC331.2 Australia - Commonwealth Bureau of Census and Statistics. Average weekly earnings. Canb., the Bureau. Quarterly. June Q. 1967 -
- AB338.131 Australia - Commonwealth Bureau of Census and Statistics. Value of production. Canb., Govt. Pr. Annual. No. 1, 1964-65 -
- E338.4
5 Australia - Commonwealth Bureau of Census and Statistics - New South Wales Office. Factories in statistical divisions. Syd., the Bureau. Annual. 1965-66 -
- XA388 Australia - Commonwealth Bureau of Census and Statistics - Queensland Office. Post mortem blood-alcohol analysis of road traffic accident victims. Bris., the Bureau. Quarterly. March Q, 1967 -
- WA635.969 Australia - Commonwealth Bureau of Census and Statistics - South Australian Office. Nursery and flower production. Annual. 1965-66 -
- YA338.4
Bldg. Australia - Commonwealth Bureau of Census and Statistics - Victorian Office. Building approvals by local government areas. Melb., the Bureau. Quarterly. June Q, 1967 -
- YA338.2 Australia - Commonwealth Bureau of Census and Statistics - Victorian Office. Victorian mining and quarrying operations. Melb., the Bureau. Annual. 1966 -
- VA636.2 Australia - Commonwealth Bureau of Census and Statistics - Western Australian Office. Cattle. Perth, the Bureau. Annual. 1965-66 -
- VA338.1
Fruit Australia - Commonwealth Bureau of Census and Statistics - Western Australian Office. Fruit. Perth, the Bureau. Annual. 1965-66 -
- VA338.1
Forage Grasses and Crops Australia - Commonwealth Bureau of Census and Statistics - Western Australian Office. Hay, green feed and silage. Perth, the Bureau. Annual. 1965-66 -
- VA333.74 Australia - Commonwealth Bureau of Census and Statistics - Western Australian Office. Pasture seed. Perth, the Bureau. Annual. 1965-66 -
- VA338.1
Veg. Australia - Commonwealth Bureau of Census and Statistics - Western Australian Office. Vegetables. Perth, the Bureau. Annual. 1965-66 -
- VA338.1
Cereals; Wh. Australia - Commonwealth Bureau of Census and Statistics - Western Australian Office. Wheat crop forecast. Perth, the Bureau. Annual. 1967-68 -
- H360 Council of Social Service of New South Wales. Annual report. (Syd., the Council). 31st, 1966-67 -
- C334.1 Housing finance : financial institutions and government authorities, lending terms and conditions. Canb., Dept of Housing. Irreg. July 1967 -
- P.H.A1385
1 Journal of Transport Economics and Policy. Lond., London School of Economics and Political Science. 3 per year. Vol.1, no.1, January 1967 -
- P.H.A1339.3 The Review of Income and Wealth : journal of the International Association for Research in Income and Wealth. New Haven, Conn., Internat. Assoc. for Research in Income and Wealth. Quarterly. Series 12, no. 1, March 1966 -

New Books

- Editorial Burbridge, P. G. Notes and references. Cambridge, U.P., 1952. 20pp.
- Editorial Burbridge, P. G. Prelims and end-pages. Cambridge, U.P., 1963. 30pp.
- 311.2
5 Chakravarti, I. M. Handbook of methods of applied statistics. N.Y., Wiley, 1967. 2 vols. Contents : Vol. 1, Techniques of computation, descriptive methods and statistical inference; Vol. 2, Planning of surveys and experiments.
- 330.18
23 Christ, Carl. F. Econometric models and methods. N.Y., Wiley, 1966. 705pp.
- 311.22
1B Cochran, William Gemmell. Sampling techniques. 2nd ed. N.Y., Wiley, 1966. 413pp.
- P310.063
7 Conference of British Commonwealth Statisticians, 5th, Wellington, 1960.
(Papers. Wellington, 1960) 44 papers.
Contents:
1. Compilation of overseas investment data ... Singapore.
 2. Overseas investment inquiry... United Kingdom.
 3. Problems in national accounting... New Zealand.
 4. Problems in national accounting... Ghana.
 5. Problems in national accounting... India.
 6. Developments in national accounting... Rhodesia and Nyasaland.
 7. The Treatment of non-monetary (subsistence) transactions.
in the national accounts... Rhodesia and Nyasaland.
 8. Financial statistics... India.
 9. Financial statistics - consumer credit surveys... New Zealand.
 10. The Economic and functional classification of government
estimates and financial statements... Singapore.
 11. Capital investment forecasts (programmes)... U.K.
 12. Consumer credit statistics... United Kingdom.
 13. Unemployment and underemployment... Canada.
 14. Unemployment and underemployment... Ceylon.
 15. Unemployment and underemployment... India.
 16. Unemployment and underemployment... New Zealand.
 17. Unemployment and underemployment... Singapore.
 18. Statistics of building construction in India... India.
 19. Statistics of building and construction... New Zealand.
 20. Production and productivity... New Zealand.
 21. Problems arising in the compilation and interpretation.
of an index of industrial production... Rhodesia.
 22. Family budget surveys... New Zealand.
 23. Family budget enquiries... Ghana.
 24. Family budget enquiries... India.
 25. Family budget enquiries : uses to which surveys can be
put... United Kingdom.
 26. Family budget enquiries : problems of cost, sampling and
reliability... United Kingdom.
 27. Singapore household expenditure survey, 1956-57... Singapore.
 28. Price index weighting patterns... United Kingdom.
 29. Savings surveys in Great Britain, 1950-60... United Kingdom.
 30. Seasonal corrections : the problem of correcting seasonal
variation in the index of industrial production - the method
adopted in India... India.
 31. The Seasonal adjustment of United Kingdom external trade
statistics... United Kingdom.
 32. Sampling... Canada.
 33. Sampling : Territory of Papua and New Guinea survey of
indigenous agriculture... Australia.
 34. Development of sampling since 1956... India.
 35. Sampling : new quarterly sample survey of retail
trade... New Zealand.
 36. Creation of Central Bureau of Statistics... Ghana.
 37. Administrative questions : timeliness of statistical
information... New Zealand.
 38. Aspects of organisation of government statistical
offices... Singapore.
 39. Cadetships in statistics... Australia.
 40. Use of professional staff, training and exchange of
personnel... Ghana.

41. Training programmes in statistics... India.
42. Inadequacies in statistics for economic policy formation... New Zealand.
43. Projection of net family formation as an indicator of housing requirements... New Zealand.
44. The 1961 census of Great Britain... United Kingdom.

Editorial

Morison, Stanley. First principles of typography. Cambridge, U.P., 1951. 18 pp.

Editorial

Crutchley, Brooke. Preparation of manuscripts and correction of proofs. 4th ed. Cambridge, U.P., 1967. 20pp.

International Statistical Institute, 36th session, Sydney, 1967.
(Papers) Syd., the Institute, 1967. (45 invited and 75 contributed papers).

Contents :

- 1/1. The Development of population censuses and vital statistics, by C. Taeuber.
- 1/2. Official statistics and their uses, by T. E. Dalenius.
- 1/3. Methods of record-linkage and applications in Israel, by R. Bachi & others.
- 1/4. Statistics of extragalactic radio sources, by J. G. Bolton.
- 1/5. Random walks and physical processes, by V. Cane.
- 1/6. Problems in statistical assessment of forest resources and products, by V. J. Chacko.
- 1/7. Statistical problems associated with the optimum utilization of fisheries resources, by D. G. Chapman.
- 1/8. Incomes and expenditure of Italian families on the basis of the results of a recent survey, by G. de Meo.
- 1/9. Les Revenus des ouvriers dans le marché commun, by R. Dumas and S. Ronchetti.
- 1/10. The Transient behaviour of stochastic processes, with applications in the natural sciences, by W. J. Ewens.
- 1/11. Problems in the development of economic and social statistics by A. M. Flores.
- 1/12. The Demand for official statistics and their utilization in Canada with special reference to the role of the national accounts, by S. A. Goldberg.
- 1/13. From central planning to socialist marketing : problems of information systems, by J. Habr.
- 1/14. Measurement errors and statistical standards in the Bureau of the Census, by M. H. Hansen (and others).
- 1/15. Program guidance through evaluation of the uses of official statistics in the United States, by M. H. Hansen.
- 1/16. Fourier methods and random processes, by E. J. Hannan.
- 1/17. Some recent developments in nonparametric statistics, by W. Hoeffding.
- 1/18. The Contribution of statistical methods to forest research and management, by J. N. R. Jeffers.
- 1/20. Sample survey problem, by B. Matérn.
- 1/21. Comprehensive income statistics system in Hungary : socio-economic stratification and income distribution, by M. A. Mod.
- 1/22. Statistical comparisons of anesthetics : the national halothane study, by F. Mosteller.
- 1/23. Purposes, problems and ideas related to statistical file systems, by S. Nordbotten.
- 1/24. Merging of data for statistical use, by I. Ohlsson.
- 1/25. Possibilities for evaluation of census or survey data in developing countries, by E. N. Omaboe.
- 1/27. Newest investigations on distribution - free methods in the U.S.S.R., by YU. V. Prohorov.
- 1/29. Appraising the demand for and utilization of official statistics, with special reference to developing countries by B. Ramamurti.
- 1/30. On some problems in the theory of order statistics, by A. Rényi.
- 1/31. Application of statistical techniques to evaluation of mineral deposits, by H. S. Sichel.
- 1/32. Analysis of bias in interview-reported hospital experience, by W. R. Simmons.
- 1/33. Some experience with and reflections on data-linkage in the United States, by J. Steinberg.

- 1/34. The Generation, distribution and use of income, by R. Stone.
- 1/35. Some problems of developing agricultural statistics in developing countries, by S. Mazumdar.
- 1/36. Some general remarks about errors in statistical results, by K. Szameitat.
- 1/37. Progress towards optimising agricultural area sampling, by H. C. Trelogan.
- 1/38. The Development of bio-mathematical models, by E. J. Williams.
- 1/39. Application of computer classification techniques to problems in land survey, by W. T. Williams.
- 1/40. Non-experimental statistical analysis from the general viewpoint of scientific method, by H. Wold.
- 1/41. An International system of statistical quality codes, by S. Zarkovic.
- 1/42. Statistics of research and development in the United States, by H. E. Riley.
- 1/43. Sur un modèle des échanges entre la recherche et la production et les problèmes statistiques connexes, by N. Maestre.
- 1/44. Statistics in the selection and control of research and development projects, by Ch.A. Bicking.
- 1/45. Statistics on science and technology in developing countries, by K. G. Brodin.
- 1/46. Development of agricultural statistics in Japan, by T. Matsuda.
- 1/47. Perspectives of statistical development in the developing countries of Asia and the far East, by B. Bantegui.
- 1/48. Institute of Statisticians : training for professional statisticians.

Contributed Papers :

- 2/1. Real versus nominal age, by W. Winkler.
- 2/2. Emploi d'une suite markovienne... pour retrouver quelques tests non paramétriques connus, by P. Thionet.
- 2/3. Official statistics in the decision - making process with special reference to problems of urban growth, by R. Fergie.
- 2/4. Some problems on the statistical measurement of capital, by B. Barber.
- 2/5. Likelihood ratio tests for restricted families, by R.E. Barlow.
- 2/6. Sufficient statistics in sampling from a finite universe, by D. Basu.
- 2/7. Random graphs and probability models, by T. Bhargava.
- 2/8. Modèles d'évolution d'un personnel d'après l'âge et le salaire. Stationnariété et stabilité, by L. Feraud.
- 2/9. A Fiducial argument with application to survey sampling, by V. P. Godambe.
- 2/10. Standardisierung von differentialgleichungen für die auswertung von ökonomischen und demographischen daten, by F. Burkhardt.
- 2/11. Bounds on the efficiency of a classification procedure, by H. Chernoff.
- 2/12. Avenir des enquêtes officielles, by G. R. Chevry.
- 2/13. Some results connected with the logistic binary response model, by D. R. Cox.
- 2/14. Order statistics for discrete populations and for grouped samples, by H. A. David.
- 2/15. Étude de la corrélation entre plusieurs caractères mesurés avec des erreurs de connaissance, by P. Delaporte.
- 2/18. Analysis of the linear correlation relationship between three variables, by F. Egermayor.
- 2/19. University training in economic statistics, by I. Esenwein - Rothe.
- 2/20. An Optimal theory of record linkage, by A. B. Sunter.
- 2/21. Selecting and assessing variables in the classification problem, by I. Francis.
- 2/22. Some problems relating to the international comparability and fluctuations of production volume indicators.
- 2/25. Efficient least squares regression of differently grouped data when the cross classifications are unknown, by J. Haitovski.
- 2/27. The Distribution of the mean half-square successive difference, by W. M. Harper.
- 2/28. On interdependent decision problems, by L. Harris.
- 2/29. A New approach to the classification problem, by H. O. Hartley.
- 2/30. A Contribution to mathematical modelling for health services, by F. E. Hobson.
- 2/31. A Partial retention scheme for multi-stage sampling on successive occasions, by Hong Nai Park.

- 2/34. Ordenacion de las estadisticas para la planificacion economica, by Institut national de statistique, Spain.
- 2/35. Extending the cubic association scheme, by P.W.M. John.
- 2/36. Statistical decision : theory versus application, exemplified in smoking-health controversy, by L. Katz.
- 2/38. Chronological series analysis of economic statistics and its stochastic foundation, by S. Korenaga.
- 2/40. The Infections and population size in Australia, by H. O. Lancaster.
- 2/41. Automation of sequential analysis, by E. G. Lasker.
- 2/42. On the distributions of the times between events in a stationary stream of events, by M. R. Leadbetter.
- 2/43. Conséquences statistiques de la parente, by G. Malecot.
- 2/44. Sequential two sample rank tests of the normal shift hypothesis, by R. C. Milton.
- 2/45. A Computer programme for the analysis of 3^n type fractional factorial designs, by C. S. Okuno.
- 2/46. System identification by time-series methods, by E. Parzon.
- 2/47. Characterization of independence in bivariate families with regression dependence, by K. Jogdeo.
- 2/49. Elements of a set-theoretic approach to data storage and linkage, by H. D. Pridmore.
- 2/50. The Van Elteren W test and non-null hypothesis, by M. L. Puri.
- 2/51. On vector variables with a linear structure and a characterization of the multivariate normal distribution, by C. R. Rao.
- 2/53. Estimation of the parameters of the Weibull distribution from attribute data, by L. Rosenberg.
- 2/55. Stopping time of rank-order sequential probability ratio test based on Lehmann alternatives-II, by J. Sethuraman.
- 2/56. Sampling moments of moment and maximum likelihood estimators for discrete distributions, by L. Shenton.
- 2/57. Remarks on renewal theory when the quality of renewals varies, by W. L. Smith.
- 2/58. The Poisson approximation to the binomial as a relation between the percent points of the beta and gamma distributions, by G. P. Steck.
- 2/60. Historical statistics and the International Statistical Institute, by L. Thirring.
- 2/61. Bayesian analysis of linear models with two random components with special reference to the balanced incomplete block design, by G. C. Tiao.
- 2/62. Un Nouveau test d'homogeneite pour échantillons multiples, by J. Torrens-Ibern.
- 2/63. Pattern coefficients for products of generalized k-statistics, by D. Tracy.
- 2/64. Statistical methods in the analysis of earthquake data, by D. Vere-Jones.
- 2/65. Le Centre de formation aux applications industrielles de la statistique, by A. Vessereau.
- 2/66. Variance estimators in systematic sampling, by J. W. E. Vos.
- 2/67. Some problems in the statistics of directions, by G. S. Watson.
- 2/68. Non-linear migration processes, by P. Whittle.
- 2/76. Some properties of stable frequency functions, by E. Lukacs.
- 2/78. On some considerations of the learning models and related problems, by T. Hatori.
- 2/79. A study of the relationship of height and weight with age of school children in U.A.R, by H. M. Husein.
- 2/80. Linear estimates for doubly censored samples from the exponential distribution with observations also missing from the middle, by A. E. Sarhan.
- 2/81. A Multivariate paleontological growth problem, by R. Reyment.
- 2/82. Mathematical models in management sciences (1) : consumer behaviour as a Markov process, by T. N. Bhargava.
- 2/83. The Population factor in the income pyramid, by H. Muhsam.
- 2/84. A Central tolerance region of the multivariate normal distribution, by S. John.
- 2/85. A Goodness-of-fit statistic for the circle, with some comparisons, by M. A. Stephens.
- 2/86. Statistical quality control applied to the food industry, by A. M. Flores.

- 2/87. The Logarithmic transformation and its application to hydrologic data, by G. Alexander.
- 2/88. The Indian national sample survey- the strategy for analytical studies : design aspects, by D. Lahivi.
- 2/89. Statistische grundlagen zur erforschung der innenwanderung, by I. Stefanov.
- 2/90. Generalizations of some stochastic epidemic models, by N. C. Severo.
- 2/91. Training of professional staff within the Commonwealth Bureau of Census and Statistics, by F. B. Horner.
- 2/92. A Probability model for inter birth interval, by A. George.
- 2/93. The Contribution of Netherlandish thinking to the formation of statistics as an autonomous discipline, by R. A. Horvath.
- 2/94. Tests of serial independence based on the cumulated periodogram, by J. Durbin.
- 2/95. Les Problèmes de l'expansion statistique dans les pays en voie de développement, by J.M. Callies.
- 2/96. A Model of age dependant inheritance of cancer-proneness, by R. Bartoszynski.
- 2/97. Some sequential tests for student's hypothesis, by M. S. Srivastava.
- 2/98. Necessité du calcul du revenu, by G. Tagliacarne.

34340 Osborn, P. G. A Concise law dictionary. 5th ed. Lond., Sweet and
1 1 Maxwell, 1964. 393pp.

PERIODICAL INDEXCapital

Problems of wealth estimation.

American Statistical Association - Business and Economic Statistics Section. Proceedings, 1964, pp. 333-355.

Censuses - United States

Evaluation of 1960 census count.

American Statistical Association - Social Statistics Section. Proceedings, 1966, pp. 62-90.

Consumer Price Index - U.S.A.

Wilkerson, Marvin

Measurement of sampling error in the consumer price index : first results.

American Statistical Association - Business and Economic Statistics Section. Proceedings, 1964, pp. 220-240.

Consumers - Saving

Ferber, Robert.

The Reliability of consumer surveys of financial holdings : time-deposits.

American Statistical Association Journal, vol. 60, no. 309, March 1965, pp. 148-163.

Data Banks

Vander Noot, T. J.

Data banks, data bases and statistical analysis.

American Statistical Association - Business and Economic Statistics Section. Proceedings, 1966, pp. 90-107.

Exchange

Lougheed, A. L.

The Problem of foreign exchange market crises.

Bankers' Magazine of Aust'sia, vol. 80, no. 11, June 1967, pp. 383-392.

Factories - Statistics - U.S.A.

Conklin, Maxwell R.

Time series for individual plants from the annual survey of manufactures and related data.

American Statistical Association - Business and Economic Statistics Section. Proceedings, 1964, pp. 404-410.

Finance - Institutions - Output

Gorman, John A.

The Output of financial institutions.

American Statistical Association - Business and Economic Statistics Section. Proceedings, 1964, pp. 96-113.

Income - Statistics

Fifty years of statistics of income.

American Statistical Association - Business and Economic Statistics Section. Proceedings, 1966, pp. 153-169.

Labour Force - Surveys - Canada

Fellegi, I.P.

The new design of the Canadian labour force survey.

American Statistical Association Journal, vol. 62, no. 318, June 1967, pp. 421-453.

Labour Force - U.S.A.

Three years after the Gordon report : progress in labor force measurement.

American Statistical Association - Social Statistics Section. Proceedings, 1965, pp. 218-241.

Occupations - Classification

Hodge, Robert W.

The Classification of occupations : some problems of sociological interpretation.

American Statistical Association - Social Statistics Section. Proceedings, 1966, pp. 176-208.

Sheep - Australia

Scobie, G. M.

Trends in the size distribution of Australian sheep flocks.
